Dear Minister:

My name is [insert name and title] of [insert community organization] and I am writing this letter in support of [insert OHT member name] and the North Western Toronto Ontario Health Team's (NWT OHT) application to become an Ontario Health Team. My organization strongly supports this application and the NWT OHT's focus on delivering complementary services that will support seamless, integrated and coordinated, patient-centred care across the care continuum.

As a community partner of [insert OHT member name], we have had the opportunity to witness firsthand a record of meaningful community engagement and partnership. We are confident that the NWT OHT will continue this tradition of community engagement to ensure that its programs and services reflect the diverse needs of our community and strengthen its commitment to health equity and inclusion.

The NWT OHT's application to move forward as an Ontario Health Team has my full support. I look forward to our continued partnership as we work together to realize the vision of a healthcare system that is not only centred around but connected to patients in their local communities.

Yours sincerely,
