## NOELIA GONZALEZ

### CLERICAL SUPPORT ASSOCIATE

I have worked at Humber for the past five years.

#### What are you most proud of in your role?

There are many things that make me proud to work at Humber, but some of the things that stand out most are the Hospital's values and the way we treat our patients. Humber's values are based on compassion, professionalism, respect, integrity, and accountability, and I believe in them wholeheartedly.
