Introduction to Microsoft 365 for HRH Physicians

1. **Sign In:**
   - Visit [office.com](https://office.com) and sign in with your HRH account.

2. **Work Online:**
   - The Microsoft365 home page is your starting point for online productivity.
   - Switch between apps using the app launcher (the waffle) in the upper left corner.
   - Create and share M365 documents (Word, Excel, PowerPoint, or OneNote for the web).
   - Store, open, and share files on OneDrive.
   - Send and receive email via Outlook.
   - Maintain an online calendar and manage contacts.
   - Check out the Quick Start guides for details on web apps.

3. **Features and Functionality:**
   - To learn about Outlook, visit the [Outlook SharePoint site](https://outlook.com).
   - To learn about OneDrive, visit the [OneDrive SharePoint site](https://onedrive.com).
   - To learn about MS Teams, visit the [MS Teams SharePoint site](https://teams.microsoft.com).
   - Remember, Microsoft 365 for the web is perfect for working online and from anywhere. Explore its features, collaborate, and boost your productivity!
